To Whom It May Concern:

I am writing to express my support regarding municipalities passing Responsible Bidders Ordinances. The Responsible Bidders Ordinance passed by East Peoria established requirements for all contractors thereby assuring quality and safety for our residents.

The requirement of contractors providing a skilled work force, who have completed or are in the process of completing a United States Department of Labor approved apprenticeship, protects citizens from exploitation by unscrupulous contractors.

If you have any questions or concerns, please contact me at any time.

Sincerely,

Dave Mingus
Mayor
